SPONSORSHIP LETTER FOR ERP PROJECT

Date: 19/08/2025

To,

The Project Coordinator
Vasantdada Patil Pratishthan's College of Engineering
Mumbai, Maharashtra

Subject: Sponsorship for Development of ERP System

Respected Sir/Madam,

We, Vedshree Ayurvedic Clinic, Panvel, are pleased to sponsor the academic project titled **"Development of an Enterprise Resource Planning (ERP) System for Clinic Management"** to be carried out by the students of your esteemed institution.

This project is being undertaken by the students as a part of their academic curriculum. The objective of this project is to design and develop a comprehensive ERP system tailored to our clinic's requirements. The proposed system will assist in managing various operations such as patient records, appointment scheduling, billing, inventory management, and overall administrative activities.

We hereby confirm that:

1. We have willingly agreed to sponsor this project.
2. The students are permitted to study and analyze our existing system and processes for the purpose of this project.
3. Necessary support, guidance, and domain knowledge will be provided from our side during the development of the project.
4. The students are authorized to use relevant operational data (while maintaining strict confidentiality) for the purpose of development, testing, and **deployment** of the ERP system within the clinic.
5. We agree to allow the implementation and trial use of the developed ERP system at our clinic premises, subject to mutual understanding and project completion.

We appreciate the efforts of the students and the institution in undertaking this initiative, which will also help us improve our operational efficiency through digital transformation.
We wish the students success in completing this project.

Thanking you.

Yours sincerely,

DR. VAISHALI SAWANT
